State to Widen Rt. 45 South of Carrier Mills in '56

Also to Connect With Highway to Wabash Bridge

Area Projects Also Include Work On Route 13, East

A highway improvement project on Route 45 from Carrier Mills south to New Burnside at an estimated cost of more than a million dollars is included in the 1956 Illinois highway construction program announced today by Gov. William G. Stratton at Springfield.

This project is divided into two parts:

1. Pavement widened to 24 feet and bituminous surfacing over the road from a quarter of a mile south of Carrier Mills to a point near the Williamson-Johnson county line with the estimated cost \$690,000.

2. Continuation of this widening-resurfacing project for 2.41 miles to a point near New Burnside at an estimated cost of \$290,000.

Completion of the first phase will make Route 45 a modern highway all the way through Saline county. Projects from the north county line to Eldorado, from Eldorado to Harrisburg and from Harrisburg to Carrier Mills have been finished throughout the past several years.

Another important item on the program is building 2.98 miles of new 22-foot concrete pavement from Route 45 to Route 1 near the Saline-White-Gallatin lines (5 connect Route 45 with the highway leading to the new Wabash river bridge. Estimated cost is \$363,000.

Also included is 32.14 miles of intermittent bituminous surfacing on Route 13 from Shawneetown to the Delta mine road in Williamson county at an estimated cost of \$204,000.

Gov. Stratton's program calls for building 659 miles of highways, including 192 miles of new pavements, and resurfacing 405 miles of existing roads. New pavements will consist of 80 miles of two-lane, 63 miles of additional two-lane and 40 miles of new four-lane roads.

The road and bridge building schedule calls for expenditure of \$127,305,000. This adds up to the largest annual state construction program in Illinois history. It compares with a 1955 program of \$123,600,000 and a 1954 program of \$84.5 millions.

The chief executive released an 88-page printed report containing a statewide list of every project, its type, location and estimated cost. He said copies will be sent to all members of the General Assembly.

Governor Stratton explained that in a construction program of this magnitude, it is imperative that many of the factors affecting the various jobs, which make absolute certainty in the time of execution an impossibility. The task of acquiring right-of-way, completing surveys and plans and possible shortage of materials may cause deferring some of the programmed projects, he said.

The overall outlay for 1956 includes \$32,400,000 in federal aid but does not include an additional \$3,000,000 of state matching funds for federal aid secondary work on major county roads, nor does it include the \$74,000,000 which cities, counties and townships will receive through next year from state motor fuel tax refunds for road building under state supervision.

Eldorado Voters Approve \$540,000 School Program

Voters of Eldorado Township High school district went to the polls Saturday in large numbers and voted in favor of a \$540,000 bond issue to finance a school rebuilding program.

Unofficial returns show that 2,110 voters cast their ballot on the proposition, with 1,230 voting in favor, 876 voting against and there were four spoiled ballots.

There were three voting places—Eldorado high school, Raleigh grade school and Broughton grade school. The proposition failed only at Broughton where there were 32 yes, 53 no and four spoiled ballots.

At Raleigh 100 voted yes and 76 no. At Eldorado the vote was 1,093 to 747 in favor of the proposition.

The rebuilding program includes a new gymnasium and class rooms for the music, industrial arts and agriculture departments.

Next step, a member of the Board of Education stated Saturday night, will be to offer the bonds for sale. That will probably be done within the next week or so, it is said.

Christmas Has Bright Promise, President Says

WASHINGTON (AP)—President Eisenhower told the world Sunday that Christmas, 1955, is "brighter in its background and in its promise than any we have known in recent years."

It is "even brighter than last year," he said, and that was the first Christmas "in many years... not marred by the tragic incident of war."

This was Mr. Eisenhower's message of Yuletide cheer as he pressed a gold telegraph key in Gettysburg, Pa., lighting a huge Christmas tree in the "Pageant of Peace" exhibit at the White House in Washington.

Simultaneously, Christmas trees at many points across the nation, on naval vessels, in U. S. troop barracks overseas and in American legations and embassies were lit.

With this ceremony the President also gave to the world his Christmas prayer. It was:

"May each of us strive to do our best to bring about better understanding in the world and may infinite peace from above live with us and be ours forever and may we live in confident hope that it will come."

The President's brief address was carried to the nation via radio and television. The Voice of America shortwaved the ceremonies to other nations in 38 languages.

After pressing the gold key that lit the towering 65-foot South Dakota spruce, Mr. Eisenhower chuckled and said: "Well, it worked." He made his address from the office of the president of Gettysburg College.

The tree with its hundreds of gaily-colored bulbs, is the centerpiece of the Pageant of Peace exhibit on the ellipse facing the White House. Forty foreign embassies have greetings displayed and many of the 48 states have their own Christmas trees.

Vice President Richard M. Nixon introduced Mr. Eisenhower "loved and respected as a great leader in the cause of peace" and described the pageant scene as "a great manifestation of the desire of men everywhere for peace."

The Palmer and Aly funeral home of Eddyville is in charge.

To Ask Congress To Ban Secret Defense Buying

Rep. Vinson Accuses Pentagon of Shocking Abuse of Procedures

WASHINGTON (AP)—Congress will be asked to curtail the Defense Department's authority to buy goods through secret, negotiated contracts.

Chairman Carl Vinson (D-Ga.) of the House Armed Services Committee made this plain Sunday in accusing the Pentagon of a "shocking" abuse of military buying procedures.

He said the Defense Department has virtually scrapped open, competitive bidding in favor of negotiated contracts. As a result, he charged, an unnecessary \$3,650,000,000 of the taxpayers' money was spent on military purchases during the past 2 1/2 years.

That much money saved, Vinson said, would have been almost enough to balance the government budget.

Seeks Competitive Bidding

He said he would demand that Congress next year do "some first class overhauling" of the 1947 Armed Services Procurement Act to assure that competitive bidding is used in most military purchases.

The Defense Department said it received a report containing Vinson's charges Friday and that it was being studied with "interest and concern."

A spokesman conceded that many items such as aircraft carriers, tanks and airplanes are procured through negotiated contracts. But he said "the question of what might be saved if you did things somewhat differently is a matter of individual interpretation."

Many Negotiated Contracts

Vinson said that between January 1953 and June 1955 the armed services handled 94 per cent of their \$36,500,000,000 worth of purchase orders under negotiated contracts.

Vinson's criticism apparently signaled a new Democratic attack on the administration's military buying policies. Heretofore, Vinson generally has supported the administration on military manpower and budget matters.

A House Armed Services subcommittee headed by Rep. F. Edward Hebert (D-La.) has been secretly investigating major aircraft manufacturers for months in preparation for hearings on alleged profits. A House Military Appropriations Committee is conducting a similar inquiry.

Eisenhower Confers with Strauss; Receives Report from Dulles

GETTYSBURG, Pa. (AP)—President Eisenhower discussed atomic energy and Aberdeen Angus cattle today with Chairman Lewis L. Strauss of the Atomic Energy Commission.

He also received a telephone report from Secretary of State John Foster Dulles on the NATO council meeting in Paris from which Dulles returned Sunday.

Strauss, a "fellow farmer" who shares Mr. Eisenhower's enthusiasm for Aberdeen Angus cattle, arrived at the President's farm at 9:35 a. m. and conferred with Mr. Eisenhower for an hour and 45 minutes.

Asst. White House Press Secretary Murray Snyder said it was "mostly a social visit," but the two also discussed the nation's atomic program. Brig. Gen. Arthur S. Nevins, supervisor of the

Hubby's Playful Slap Breaks Jaw Of McGuire Sister

NEW YORK (AP)—Phyllis McGuire, one of the singing sister trio on the Arthur Godfrey show, today nursed a fractured jaw she suffered in playful roughhousing with her husband and a French Poodle.

Murray Kane, the McGuire sisters' manager, said Phyllis was recuperating in New York Hospital. Hospital officials, who at first refused comment on what happened to the youngest of the sisters, said Sunday night Miss McGuire's teeth were wired to speed recovery.

Kane said it was doubtful that Phyllis would do any singing for a while.

Sister Dorothy said the accident happened Saturday night when Phyllis, her husband, TV-radio announcer Neal Van Ellis, and she began a horseplay routine. Dorothy said they often playfully shove and push each other around until their French Poodle, Tinker, comes to the aid of the most oppressed.

She said Van Ellis lightly slapped Phyllis with his open hand and the game ended abruptly when she complained of a pain in her jaw. The jaw was so painful, Dorothy said, that they called a doctor, who found Phyllis had a slight fracture. The doctor took Phyllis to the hospital where she is now recuperating, Dorothy said.

Salvation Army Raises \$400 to Provide Needy With Christmas Cheer

The Salvation Army, which has raised \$400 for its Christmas fund program, will deliver baskets and other Christmas aid to needy families on Dec. 23, it was stated today by Lt. Andrew Sards.

Saturday afternoon the members of the B. & P. W. club raised \$31.50 at the Christmas kettles, and following their efforts the American Legion and VFW raised another \$19. The Kiwanians last Thursday night raised \$56 and this coming Thursday night members of the Rotary club will man the kettles. These efforts by the civic clubs, plus special donations to the Christmas fund, have raised the \$400 for Christmas cheer for needy families.

The Salvation Army will hold its annual Christmas program Wednesday at 7 p. m. at the hall. There will be treats for all the kiddies.

Temporarily Block VA Sale of Marion Hospital Land

Proposed sale of 123 acres of land at the Marion Veterans Administration hospital has been temporarily blocked, Ray Hubbs, Herrin, executive secretary of the American Legion's Egyptian Past Commanders club, announced today.

Hubbs said he has been advised that the V. A. has instructed the General Services Administration, which sells surplus government property, to defer disposal of the land until the annual meeting of the National Rehabilitation conference in Washington, D. C., Feb. 28 to March 2.

Notification of this action came in a telegram from U. S. Senator Everett M. Dirksen of Illinois, Hubbs said. Earlier John A. Skeen, GSA Regional Director, in Chicago, had advised West Frankfort Congressman Kenneth J. Gray that immediate disposal action will be withheld.

One hundred and sixty-seven Legion posts in southern Illinois have protested the proposed land sale after the Past Commanders club began the campaign. The EPCC says sale of the land would minimize chances of a hospital expansion.

The official White House Christmas greeting was a double folded card on crisp linen. It bore the gold-and-white presidential seal on the front against a royal blue background and the engraved words "Season's Greetings, 1955."

Inside the card read, "The President and Mrs. Eisenhower extend their best wishes for Christmas and the New Year." The Eisenhowers also sent out personal cards which were not described to reporters. The President's physicians, headed by Dr. Paul Dudley White, the Boston heart specialist, gave him a detailed examination Saturday and came up with the basic finding that his recovery from his heart attack was "excellent."

Three Arrested Following Local Incidents

Incidents yesterday morning led to the arrest of three men, one of whom pleaded guilty to a charge of interfering with an officer.

Chief of Police Ross Lane said that Everett Herron of Willow Springs, Ill., pleaded guilty to a charge of interfering with city policemen who were making an arrest. Out on bond on the same charge is Jack Day Jr. of Harrisburg and taken to the county jail by city police was Gene Shelton, who was charged with driving while intoxicated, reckless driving and resisting an officer in charges filed by city officers in county court.

Lane said that Shelton was stopped about 3 a. m. Sunday in East Harrisburg by Patrolmen Link Rann and Harvey Vineyard, after the officers spotted Shelton driving without lights and going through stop signs in the city. The lights were turned on shortly after the police started after the car, the officers said.

Lane continued that when Shelton was stopped Herron and Day drove up and interfered with the officers and that all three got away.

Later in the morning Officers Rann and Tom Gram went to the local housing project in Dorrisville to the Day home, where all three men were found. After a little trouble, Lane said, the three were brought in to the city hall.

Navy Jet Slips Moorings at Base, Three Men Killed

LINCOLN, Neb. (AP)—A Navy jet plane warming up at the Lincoln Air Force Base suddenly slipped its moorings and killed three men when it ran wild at 80 miles an hour.

The F9F Navy Cougar finally crashed in flames into a hangar and set it afire at the end of its rampage Sunday. It had also crashed into four planes, one of them a P2V4 Neptune patrol bomber which was knocked at right angles.

The dead were the pilot of the jet, Lt. (jg) Vernon R. Chapman Jr., 25, Grand Island, Neb.; Air Controlman 1-C Kenneth Cecil Newman, 24; and Air Controlman 3-C Hubert Lee Tracy, 29, both of Lincoln.

Newman and Tracy were in the hangar when the jet crashed into it and apparently burned to death.

Special Cold Wave Warning For Midwest

By United Press

Winter, officially due on Thursday, staged a coast-to-coast preview today with gales on the Pacific Coast and Arctic-born winds whipping snow eastward from the Rockies.

The Weather Bureau at Washington issued a special cold wave warning. It said the large mass of very cold air over the northern Great Plains would sweep southward into the Ohio Valley, West Virginia and most of Pennsylvania and New York.

At 6:30 a. m. the mercury was 43 degrees below zero at Bemidji, Minn., the coldest spot in the nation.

Temperatures were to drop sharply today throughout the Middle Atlantic states. Below zero weather was expected for most of the northeast area by Tuesday morning. The cold was to become more intense over the Plains states and Midwest tonight and Tuesday.

Heavy snow squalls were predicted for the Lake Ontario region and flurries for the Great Lakes region with a low temperature tonight of from zero to 3 above.

At least 24 deaths during the weekend were attributed to the weather.

Record Snowfall Reported

The northern tier of states from Wyoming east to the Great Lakes suffered with falling temperatures and snow.

More than 80 inches of snow has fallen at Houghton, Mich., this season for a new record. There were 36 inches of snow on the ground Sunday. Parts of northern Minnesota measured 25 inches of snow on the ground.

The north-central states experienced some of the coldest weather this season. From northern Illinois, southern Iowa and southern Nebraska northward it was zero or below.

It was 20 below or lower in most of North Dakota, eastern South Dakota and Minnesota.

Egypt Reports New Clash With Israeli Troops

Holy Land Troubles Occur as Thousands Flock Toward Shrines

JERUSALEM (AP)—Egypt reported one Egyptian and four Israeli soldiers were slain in an hour-long clash in the tense Gaza strip today.

The neighboring state of Jordan, torn by riots over reports its new government plans to join the Baghdad pact, meanwhile clamped a dusk to dawn curfew on the city of Bethlehem where Christ was born.

The new Egypt-Israeli clash was reported by an Egyptian military spokesman at Gaza. It was the first incident in which fatalities were reported since Egyptian Premier Gamal Abdel Nasser warned that Syria and Egypt would retaliate on two fronts against any Israeli "aggression."

The first report said Israeli and Egyptian troops clashed in the Gaza Valley south of the Egyptian stronghold at Gaza.

New trouble was breaking out in the Holy Land just as thousands of travelers were flocking toward the shrines of Christendom on Christmas pilgrimages.

Jordan's government ordered a curfew on Bethlehem "until further notice," presumably to quell disorder spread by opponents of the Baghdad pact.

If the curfew continues throughout the week, the historic Christmas Eve mass at the crypt that marks Christ's birthplace would have to be cancelled.

Rioting in Jerusalem

The holy city of Jerusalem itself was rocked by more rioting today.

Israelis watching from vantage points on their side of the divided city said troops of the British-trained Arab Legion opened fire on demonstrators.

The Israeli reports said rioting took place in the Sheikh Jarrah quarter of Jordanian Jerusalem and inside the old city itself.

After an hour, the area was reported quiet.

Israeli authorities took no precautions on their side of the city, since the Jordanian unrest was believed to be an internal matter not connected with the Arab-Israeli dispute.

Censorship apparently was blocking news of Jordan's situation. The Jordan radio report which announced imposition of the curfew in Bethlehem made no mention of disorders today.

The announcement by the Jordan Radio heard in nearby Lebanon was the latest in a series of critical events in the trouble-torn Holy Land at the start of this Christmas week.

During the weekend, there were other reports of bitter anti-Western riots in Amman, the capital of Jordan, and joint Egyptian-Syrian pledges of action against Israel.

The Jordan Radio broadcast said the curfew would be in effect from 4 p. m. to 6 a. m. daily. It said it would remain in effect "until further notice."

There was no mention of any exception for Christmas Day when thousands of foreign pilgrims visit the Church of the Nativity and the site of the manger where Christ was born.

Four Stark Questions for American Voter to Decide

By PETER EDSON
NEA Washington Correspondent

WASHINGTON (NEA)—Signs are multiplying that President Eisenhower will be persuaded to run for a second term.

This is forcing millions of American voters to make one of those "agonizing reappraisals."

Fact Number One they have to face is the record of what happened in 1944.

The Democrats had built up the indispensability of President Roosevelt. He was elected for a fourth term even though he was obviously a sick man all through his last year in office. He died five months later.

Knowing that President Eisenhower has had a heart attack, there will be a calculated risk that he might suffer a relapse. He might become unable to carry on his job.

Are the voters willing to assume responsibility for that?

Or put the question another way: Knowing the President's age and physical condition, would the American people be willing to condemn him to an unnaturally early breakdown by asking him to assume the heavy White House responsibilities for another four years?

FACT NUMBER TWO is that President Eisenhower is not likely to cast aside his vice president, Richard M. Nixon.

What this means is that if the President is not able to complete a second term—Nixon is his logical successor.

A runaway Republican National Convention might upset this choice. But an open Eisenhower endorsement of Nixon would make his rejection unlikely.

As vice president, Nixon has so far given complete support to the Eisenhower policies. But there is some doubt that if Nixon should succeed to the presidency, the Eisenhower program of moderate conservatism would be continued.

As one California GOP leader puts it, tongue in cheek: "The people who support Nixon believe in repealing the income tax and withdrawing from the United Nations."

The question for the voters, therefore, is whether they want a retreat from the Eisenhower program.

FACT NUMBER THREE is that there is still a sizable element in the Republican party which does not approve of Eisenhower's internationalism and limited progressivism.

This GOP Old Guard would prefer to see Eisenhower succeeded by a more conservative president. Much of the support for an Eisenhower-Nixon—or preferably an Eisenhower-Knowland ticket—comes from this group.

The question for the voters is whether they want to see a further swing to the right.

FACT NUMBER FOUR is that there is a concerted effort being made to lighten the President's work load.

Such a reform has, of course, been long overdue. Coming at this particular time, however, it has the added implication of making it easier for a semi-invalid to carry on the job without strain.

Some of the people who think Eisenhower goes too far towards liberalism would probably like to see this happen.

They'd be perfectly willing to have an inactive President in the White House as an idealistic symbol, with a more conservative Cabinet actually running the government.

The question for the voters is whether they want a part-time President continued in office.

These are four stark and perhaps inconsiderate questions to raise. But they are being freely discussed in Washington and probably every other crossroad in the country. And there is no reason why they shouldn't be brought out in the open and freely debated now.

Crab Orchard Lake, a man-made lake covering 10.95 square miles, is the largest lake in Illinois.

McCarthy Prods Justice Dep't for Action on Zwicker

WASHINGTON (AP)—Sen. Joseph R. McCarthy (R-Wis.) produced the Justice Department today for action against an old foe, Brig. Gen. Ralph W. Zwicker.

McCarthy contends that Zwicker, a decorated hero of World War II, may have committed perjury in testimony before the Senate investigating subcommittee.

McCarthy made public a letter to Atty. Gen. Herbert Brownell Jr. saying that further delay in deciding whether there is a perjury case against Zwicker "will arouse suspicions that the department is permitting political considerations to interfere with the administration of justice."

Many Gifts For German Prisoners From All Europe

FRIEDLAND, Germany (AP)—The flow of West German returned prisoners to this repatriation camp has stopped for the time being but the flood of packages and gifts from all parts of Europe continues.

Camp officials reckoned the total donations so far as valued at more than \$286,000 and said there is no end in sight.

Some of the gifts are addressed to war prisoners whose return is expected but most are donated to unknown repatriates.

One German woman sent the carefully laundered shirts and socks of her missing husband to the camp.

"I received word from several of the returnees that my husband died on the eastern front," she wrote. "Now that I know he will never return from Russia, I want the next man released from the Sverdlovsk camp to have the things I was saving for him."

An eight-year-old boy in northern Germany wrapped up his coin-filled piggy bank and mailed it to the camp.

Another boy sent the wristwatch he won in an athletic competition.

One of the donors was a returnee himself who arrived in the first group sent back by the Soviets. He spent most of his first paycheck buying six pairs of shoes to be given to his former prison camp comrades on their arrival.

"I know what it's like to put on your first comfortable pair of shoes in 10 years," he said.

Pope Pius donated 600 pounds of coffee to warm the repatriates after their boxer ride across eastern Europe. A Swiss charity gave 72,000 packs of cigarettes. Clothing and money came from Belgium, Holland and Sweden.

An American women's club in the U. S. army base of Kaiserslautern held a raffle and used the proceeds to buy clothes for the former prisoners. One of the largest single donations came from the schoolchildren of the Saarland. They shipped chocolate bars, fruit, and cookies.

Vineyard owners sent a sampling of their best stocks. There is enough cognac stored in Friedland to provide a bottle each for the more than 4,000 men still expected. Cases of champagne also await them.

Low Draft Calls Next Six Months

WASHINGTON (AP)—Draft calls will run below 10,000 men a month during the next six months—the lowest level since the start of the Korean War, defense manpower officials say.

While draft calls are fixed on a month-to-month basis, the Defense Department plans to call only between 6,000 and 10,000 men a month for the first half of 1956. Draft calls averaged about 10,000 monthly during most of 1955.

About 19 million persons—one out of every eight in the population—entered a hospital at some time during 1952, notes a new report of the Twentieth Century Fund.

In Memoriam
In loving memory of our dear wife and mother, Myrtle Guard, who passed away one year ago today:

It is loneliness here without you.
And sad and weary is the way.
Life has not been the same
Since you were called away.
A happy home we once enjoyed.
How sweet the memory still.
But Death has left a loneliness
The world can never fill.

Turncoat Richard Tenneson Attends Christmas Pageant

ALDEN, Minn. (AP)—Turncoat Richard Tenneson, who said he gave up religion when he chose to stay in Red China, "enjoyed" a school Christmas pageant at his church here Sunday night. The pageant, and church services earlier in the day, were the 22-year-old Tenneson's first public appearances since he returned home.

The former Korean war prisoner chose to remain in Red China three years ago rather than repatriation, renouncing his country, family and religion. He changed his mind and arrived back home Friday.

"I immensely enjoyed the pageant," Tenneson said. He said it was "lots of fun to see all those little kids," two of them his half brother, Eben Howe, and his half sister, Jan. Eben, 12, played the part of a wise man. His twin sister, Jan, had a reading part.

Tenneson said he recalled that he had sung and acted in a similar Christmas pageant some years ago. But he couldn't remember whether he was a wise man or a shepherd.

He attended the pageant with his mother, Mrs. Fortia Howe. His stepfather and brother Nathan, 18, stayed at home. Earlier the family attended services at the church of Tenneson's childhood.

Tenneson heard the Rev. Forest Strnad appeal for "peace on earth, good will toward men," in a Christmas sermon with the text taken from the Gospel of St. Luke.

Acquit Two GIs Arrested in East Berlin

BERLIN (AP)—Two American soldiers accused by the Communists of attacking a Communist actor in East Berlin were acquitted today by a U. S. Army court martial.

The two soldiers were charged with "being disorderly in uniform in a public place." Both pleaded not guilty and said Communist actor Werner Lierck called Pvt. William J. Holden, 19, an "American swine" and that Holden knocked Lierck to the ground.

Holden, of Poplarville, Miss., and Pvt. Richard L. Calbert, 22, of Kansas City, Mo., were arrested by the Reds Dec. 7 after they allegedly knocked out Lierck outside a bar in the Soviet sector.

Holden said that after Lierck called him a swine the German moved forward as to hit him. The soldiers' defense counsel, Capt. Melburn N. Washburn of Mountain Grove, Mo., told the court the soldiers acted in self-defense.

The Communists said the soldiers attacked Lierck when he rebuked them for anti-Communist remarks, but the soldiers said they restrained themselves even after Lierck provoked them.

East Berlin police turned the soldiers over to the Soviet authorities immediately. The Soviets, in line with four-power agreements on treatment of Western Allied nationals, released them to American authorities four days later.

Kaiser Plans To Consolidate Huge Holdings

NEW YORK (AP)—Henry J. Kaiser plans to consolidate all of his vast industrial empire into one new corporation.

The plan, announced Sunday by Kaiser, chairman, and his son, Edgar F. Kaiser, president of both Kaiser Motors and the Henry J. Kaiser Co., would merge all of the Kaiser holdings into an organization to be called the Kaiser Industries Corp.

Under the proposed plan, the Henry J. Kaiser Co. would become a wholly owned subsidiary of Kaiser Motors Corp. through an exchange of stocks. The announcement said the merger would repay all outstanding debts of Kaiser Motors, including \$13,300,000 due the government for a loan that helped launch the corporation.

The Kaisers said details of the plan would be fully explained in a proxy statement to be made available prior to a special meeting of Kaiser Motors stockholders scheduled for March.

The announcement said that Willys Motors, which manufactures jeeps and commercial vehicles, would become a wholly owned subsidiary of the new corporation, free of all its present bank debt.

Willys also would be in a better position to carry on its present profitable vehicle business, Kaiser said.

The basis for the exchange which would give all present Kaiser Motors shareholders stock in the new parent corporation has not been exactly determined, the announcement said, but it was believed "the present public stockholders of Kaiser Motors would be the owners of not less than four and one half per cent of the common stock of the new Kaiser Industries Corporation."

'Other Man' In Enoch Arden Case Remarries

RENO, Nev. (AP)—Alford D. Fine, 21, the "other man" in the Enoch Arden case of Airman Daniel Schmidt, honeymooned today with a pretty brunette bookkeeper he has known since childhood.

Fine was married at the Federated Congregational-Presbyterian Church here Saturday night to Ellen Irene Asher, 18, Redding, Calif. The bride and groom refused to discuss their romance.

Several hours before the ceremony took place, Fine and Miss Asher obtained a marriage license at the county clerk's office. Both said they never had been married before.

Last August, Airman Schmidt returned from China, where he had been held by the Communists since the Korean war, to find his wife, Una, married to Fine.

At the time, Una said she married Fine in the belief Schmidt was dead. She said she and Fine were wed in Mexico. They took up housekeeping in a trailer in the High Sierra with her child, Danny Jr.

Eventually Schmidt and Una were reconciled and went on a second honeymoon.

Democratic State Central Committee Meets

SPRINGFIELD (AP)—The Democratic State Central Committee met here today, with party backing of candidates in next year's state primary the leading topic of discussion.

The State Central Committee is made up of 25 members, one from each congressional district. Thirteen districts are in Cook and Lake counties, 12 downstate.

Efforts to unite the party on an endorsed slate of candidates would have to overcome a downstate vs. Cook County split that opened in 1952.

Downstate committeemen and other leaders trying to nominate the then secretary of state, Edward J. Barrett, for governor were beaten in 1952 by Cook County leaders backing Lt. Gov. Sherwood Dixon, who was Adlai E. Stevenson's choice.

Downstate leaders have since sounded off at Cook County's efforts to run party affairs.

The Cook County organization is firmly behind Stevenson for the 1956 presidential nomination and any further attempt at dictation from Cook could weaken Stevenson's chances downstate in next year's Illinois primary and nomination race, observers said.

Soviet Leaders Promise Aid To Afghanistan

KABUL, Afghanistan (AP)—Russia's touring leaders flew back to the Soviet Union today with a renewed promise of Afghanistan's neutrality in the cold war. They left behind a promise of 100 million dollars in aid.

Soviet Premier Nikolai Bulganin and Communist Party leader Nikita Khrushchev took off in a Soviet transport for the flight across the Himalayas into southern Russia.

Moscow Radio reported they landed at Tashkent in southern Russia.

The Russians ended their official duties Sunday night when they signed a joint communique with Afghanistan Prime Minister Sardar Mohammed Daud and agreed to extend for 10 years the joint non-aggression pact first signed in 1931.

Before leaving the Russians played Santa Claus. They presented Mohammed Zahir Shah, the Afghan king, with a new airplane such as they gave to Burmese Premier U Nu during their visit to Rangoon.

They presented Kabul officials with 15 buses and all the equipment for a 100-bed hospital. They also promised stepped up economic aid in the way of new roads, an airfield, hydro-electric dams and irrigation projects.

Woman Named To IPAC Post

SPRINGFIELD (AP)—Gov. William G. Stratton today announced appointment of Mrs. Cornelia Thompson, Galesburg, as vice chairman of the Illinois Public Aid Commission.

Mrs. Thompson is the widow of the late Wallace Thompson, former president pro tem of the Illinois Senate.

She succeeds Edward D. McDougall, who resigned to take a position with the National Stevenson for President Committee.

Carrier Mills Wins Close 77-70 Tilt from Galatia
Carrier Mills and Galatia battled all the way Saturday night with visiting Carrier Mills taking a 77-70 decision.
The winners, paced by their high scoring center Oliver Rollins, held the lead at the end of every quarter, 26-21, 42-36, 61-46 and the final 77-70. Galatia's best frame was the fourth, when they outscored Carrier Mills 24-16 to pull within striking distance.
O. Rollins collected 45 points for scoring honors for the night. Galatia was paced by McFarland's 22 followed by John Tate with 21. In the preliminary, Carrier Mills won 57-36.
Tomorrow night Galatia will entertain Christopher, then will be idle through the holidays, with the first game of the New Year listed for Jan. 6 at Cave-in-Rock. Carrier Mills will be idle until Jan. 3, when Cave-in-Rock will call.

Anna Defeats Eldorado's Eagles, 62-58
A "cold shooting" Eldorado basketball team dropped a close 62-58 decision to Anna Saturday night. The game was played at Eldorado. The losing Eagles worked the ball nicely and had above average number of good shots at the basket, but just couldn't hit. In the first period Eldorado connected only twice in 15 attempts. On the other hand Anna was having a fairly good night, hitting rather consistently from 10 to 15 feet out.
Free throws kept Eldorado in the game. In the first quarter the Eagles made seven of eight free tosses and Anna none as there were no fouls called on Eldorado. At the end of the half Anna had just one free throw, to Eldorado's eleven.
At one time in the second quarter Anna built up a ten point, 27-17, lead. Then Eldorado scored ten straight points to knot the score. Two quick field goals by Corzine, a thorn in Eldorado's side all night, and Lewis, put Anna ahead at half time 31-27.
The third quarter was a see-saw affair, with Eldorado always within striking distance, but less than two minutes remained to be played before the Eagles managed to tie the score at 43-43. The count was tied again, 45-45, but Anna held a 47-45 lead when the period ended.
Eldorado scored four quick points at the start of the final frame and held a 49-47 lead, but Anna then spurred to go in front and was never headed, although the score was knotted 53-53 at one time midway in the period.
The victory pulled Anna up to a 3-3 record for the season, with wins over Zeigler, Chester and Eldorado and defeats at the hands of Du Quoin, Wood River and Johnston City.
Eldorado's record now stands at 3 victories and two losses.
Both Eldorado and Anna are entered in a "blind draw" tournament to be played at Metropolis Tuesday and Wednesday. Other teams are Cairo and host Metropolis.

Eagles to Play in Blind-Draw Meet At Metropolis
The fourth annual "blind draw" basketball tournament featuring Eldorado, Anna, Metropolis and Cairo will be played at Metropolis starting Tuesday evening.
Eldorado has won the tourney title the past two seasons and Anna was victor in the opener.
The first tournament was held at Anna and won by the host team with a 51-38 victory over Eldorado in the finals. The following year, at Cairo, Eldorado turned the tables by taking Anna 57-49 in the championship game.
Last season the meet was held at Eldorado and the Eagles capped their second consecutive championship, winning over Metropolis 49-43.
Drawings for first round play will be made at 6:30 p. m. Tuesday and the first game will start a half hour later.
Losers in the opening round play the first game Wednesday for consolation honors and the winners of the first two games then play for the championship.
It's a winner take all proposition as there is just one trophy awarded.

Avant Will Be First Negro in Sugar Bowl Meet
NEW ORLEANS, La. (U. P.)—Al Avant, the Marquette basketball team's No. 1 substitute guard, and not Pittsburgh's fullback Bobby Grier will become the first Negro athlete to participate in a Sugar Bowl event, it was learned Saturday.
Marquette is one of the four teams that will participate in the 1955 Sugar Bowl basketball tournament next week. The other three are Alabama, Notre Dame and Utah. The Crimson Tide is the only Southern team in the event and its supporters could kick up a row over the appearance of Avant.
The announcement that Pittsburgh would play Grier against Georgia Tech in the Sugar Bowl football game Jan. 2 touched off a storm of protest, primarily in a Georgia.
But from New York, Coach Johnny Dee of Alabama said he anticipated no problem to arise from the presence of the Negro player.
"I don't know whether our school authorities were aware of the fact when we agreed to play in the Sugar Bowl, but it doesn't matter anyway," said Dee, in New York to play St. John's at Madison Square Garden Saturday night. "We do not anticipate any reaction like that in Georgia."
At Marquette, Coach Jack Nagle confirmed that Avant would play in the tournament.
"Sure, he's going on the trip and sure we plan to use him," he said. "We're very proud of him. We never really thought it was a problem. The Sugar Bowl people have always been very courteous in their dealings with us, and nothing has been said at all about it."
Nagle said he had been using Avant, a sophomore, frequently. His home is in Mount Vernon, Ill., where he was a star player with the high school Rams.

Centralia Drops Two Games Over Week End
By United Press
They're re-writing the form charts after the past week end of Illinois high school basketball.
Among the teams upset: Centralia—twice, Quincy, Lincoln, Paris, Rockford East, Peoria Limestone, Evanston, Herrin, Kankakee, Sycamore, Decatur, Cicero Morton, Danville Schlarmann and Peru St. Bede.
Even the state's longest winning streak went glimmering Friday night as the Freeburg Midgets lost to Dupu 60-50. Freeburg had won 10 without a loss.
Pinckneyville, Rockford West and Galesburg staged off the upset bug, and Collinsville edged two rugged foes. The Kahoks nosed out Belleville 67-65 Friday, then came back Saturday to halt the six-game win streak of the Gillespie Miners 63-62.
East Moline ran up a near-record score Saturday in whipping McKinley, Iowa, 110-38.
Centralia Drops Pair
Centralia had a lost weekend. The Ophans, winners of five in a row, dropped decisions to Mount Vernon 81-59 and Salem 69-59.
Mount Vernon was in holiday spirits. After dumping Centralia the Rams gave more of the same to Herrin Saturday night 57-47.
Quincy, which beat Litchfield Friday night, lost out to Mattoon 54-53 Saturday.
Springfield Lanphier gained revenge for last year's sectional tournament defeat by drubbing Lincoln 66-57. Ivan Jackson and Bob Rowland led Lanphier in snapping the five-game streak of the Railsplitters.
Canton hosted the Paris season mark 62-58. Rockford East fell to the husky speedsters of Aurora East 77-72. The Washington Panthers, one of the highest-scoring clubs in the state, slaughtered Peoria Limestone 72-45. Limestone was unbeaten and numbered Quincy among its victims.
At Syracuse, league-leading Philadelphia trailed the Nats all the way. Seven Nats scored in double figures, led by John Kerr's 18 points, while Neil Johnston had 17 for the Warriors.
Larry Foust led Fort Wayne to victory over Minneapolis by notching 33 points, including 19 of 22 free throws. The win snapped both a three-game Piston losing streak and a three-game Laker winning streak.

Second Victory for Improved Local Squad; To Play at Carbondale
The Harrisburg Bull Dogs played their best basketball game of the year Saturday night in upsetting favored Johnston City, 64-62, before a small but loud and spirited gathering at Davenport gymnasium.
It was the locals' second win of the year against four losses, and if the Saturday night brand of basketball continues, more victories can be assured. Tomorrow night the Bull Dogs travel to Carbondale for a tilt.
The Bull Dogs looked good nearly all the way. The goodness came to an abrupt stop during the last three minutes of the game, when the locals, facing a terrific backcourt and frontcourt press from the Indians, almost threw the game away.
Lead Dwindles Under Press
But Coach Gene Bland's Bull Dogs held on and came out with a much-needed victory. With less than three minutes to go Harrisburg held a 63-56 lead, and the Johnston City press began. The lead quickly dwindled to 63-62, but with 26 seconds left Bennie Fulkerson's one free throw gave the Bull Dogs an added point and neither team scored in the remaining fraction of a minute.
Coach Bland started a team composed of three juniors and two seniors—juniors Fulkerson and Slater Henshaw at guards, junior Wayne Stone and senior Tony Beal at forwards and senior Ronnie Williams at center. This combination played without substitution until the closing couple of minutes, when Don McGowan entered to try to do something about the Johnston City press.
The local scoring was so even it looked like it might have been pre-arranged that way. All the five who played most of the game scored in double figures, Fulkerson with 15, Henshaw 14, Stone and Williams 12 and Beal 11. Game's high scorer was the Indians' Sheputis, 6-4 forward, who had 16. DeBose, their 6-5 center, was held to eight points.
Take Early Lead
The locals, showing good position and timing on rebounding and a moving game that allowed them to work in for good shots as well as to shoot over the JC defense at times, took a lead in the first quarter that they held until the last two minutes of the third period, when Johnston City tied the count, then went ahead, 47-45.
The start of the last frame saw Harrisburg pull out in front, then with a little over three minutes left increase the lead to 61-54. The press started with the count 63-56.
Harrisburg led 17-12 at the quarter and 37-31 at halftime.
Unlike Friday night, when both Harrisburg and Marion made 27 fouls, only 13 were called on the Bull Dogs and 12 on the Indians. In the free throw department, Harrisburg hit 12 out of 19, Johnston City 14 out of 22.
Bull Pups Win, 78-66
The Bull Pups of Ben Chamness continued on their winning streak in the preliminary, copping their contest 78-66 as Ray Hassett, local sophomore, broke the Bull Pup scoring record. The lad from Muddy made 36 points.
Mike Walker made 12, Donald Biggs 10, Bill Yates 9, Eddie Price 6, Ronnie Rauh 3 and Phil Kane 2. Hefner, Maynard and Pickford also saw action.
The Pups ran up a big 25-7 lead the first quarter and were ahead 43-24 at halftime. The third quarter score was 58-44.

Hawks Defeat Royals, 86-85, To Take First
By United Press
The St. Louis Hawks moved back into first place in the Western Division of the National Basketball Assn. today because a last-minute rally by the Rochester Royals just fell short.
The Hawks escaped with an 86-85 decision in Sunday night's clash with the then first-place Royals at St. Louis. St. Louis led by 89-81 with only 14 seconds left, but Don Meineke of the Royals slapped in a rebound and Richie Regan stole the ball for another quick basket before St. Louis could freeze during the closing seconds.
League scoring leader Bob Pettit of the Hawks notched 26 points, but Jack McMahon of the Royals took game honors with 28.
In other games played Sunday, the Boston Celtics nipped New York, 95-92; Syracuse downed Philadelphia, 99-79; and Fort Wayne defeated Minneapolis, 96-88.
At New York, Boston Coach Arnold "Red" Auerbach was given a "day" by the fans and 20 points each by Jim Losutoff and Bob Cousy led the Celtics to victory. Ray Felix had 21 for the Knicks and he and Losutoff were involved in a brief fist-fight that was quickly halted.
At Syracuse, league-leading Philadelphia trailed the Nats all the way. Seven Nats scored in double figures, led by John Kerr's 18 points, while Neil Johnston had 17 for the Warriors.
Larry Foust led Fort Wayne to victory over Minneapolis by notching 33 points, including 19 of 22 free throws. The win snapped both a three-game Piston losing streak and a three-game Laker winning streak.

Talley Leads SIU to 95-61 Win Over Ottawa
CARBONDALE, Ill.—Warren Talley of Pinckneyville scored 33 points to spark the Southern Illinois University Salukis to a smashing 95-61 victory over Ottawa (Kan.) University here Saturday night.
Talley, a sophomore forward, hit 11 of 18 field goal attempts, sank 11 of 12 free throw tosses, and led both teams in rebounding with 13.
The win snapped a three-game SIU losing streak and gave the Salukis high hopes for a victory over Missouri School of Mines in a game at the Metropolis high school gym tonight.
Saturday's contest was close in the first half with the score tied four times until Southern took a slight advantage to lead 47-39 at the midway point.
Talley, who scored 16 points—all on field goals—in the first half, roared back in the second half for 17 more points to put Southern far out in front.
In winning, Southern grabbed 60 rebounds and played its best floor game of the year, breaking up play after play with alert ball-hawking.
Second high in scoring for SIU was captain Joe Johnson, Mt. Vernon, who had 16, while Seymour Brysco, freshman center from Quincy, had 14.
Ronald Yingling was high for the losers with 18 points.
After playing Missouri School of Mines at Metropolis tonight, Southern will prepare for the eight-team Sunshine Holiday tournament at Portales, New Mexico, Dec. 28-30.
The first passenger train between St. Louis and Kansas City required 14 hours for the 279-mile trip. Trains now make the run in five hours.

Mother, Two Sons Die in Flames

SEATTLE, Wash. (AP)—A young mother and her two sons died in the flames of their burning home today as they tried to seek refuge through the smoke.

The dead were Mrs. Anne Kate Malone, 32, and her sons, Jerry, 5, and Gary, 3. The father, Joseph A. Malone, 33, escaped from the flames.

Susan May, 18 months, and Joan, 2, were thrown from the house to safety in the snow by Glen Bailey, who saw the flames as he worked in a bakery across the street. He suffered burns and was hospitalized.

Postmaster Reports Mail Dispatch Experiment a Success

A. M. Hetherington, Harrisburg postmaster, stated today that the experiment of dispatching mail from a different location than the post office had proved to be a success.

All mail is being dispatched from the Cummins building across the street from the post office. The Harrisburg postal employees are also handling mail for dispatch on the trains from approximately twenty small post offices in this area.

"We sure appreciate the cooperation of the patrons of the office in mailing early and bringing their mail to the Cummins building. It has made it possible for us to keep the large volume of mail moving swiftly," Mr. Hetherington said.

The Lateran Treaty of February 11, 1929, recognized and established the independent state of Vatican City.

German Parties Win Landslide In Saar Vote

SAARBRUECKEN, Saar (UP)—The triumphant German nationalists announced today they would form a Saar government pledged to restore the rich coal-steel territory to Germany.

The three German parties, banned until last summer, surged to a massive landslide victory in Sunday's general elections for the 50-man legislature (Landtag).

The election came just seven weeks after an Oct. 23 referendum in which the Saarlanders rejected by a sweeping majority the "European statute" handed them by France and Germany.

The Saar is German-speaking but French controlled since the war. The two votes added a tremendous punch to the campaign by the German parties to restore this 900-square mile "lost corner" of Germany to the fatherland.

But the German parties — the Christian Democrats (CDU), the German Social Democrats (SPS) and the Saar Democratic Party (DPS)—fell just short of complete triumph.

They had hoped to pile up a three-fourths majority of the new Landtag, or at least 38 seats. They actually won 64 per cent of the popular vote and 33 parliamentary seats.

A three-fourths majority would have enabled them to change the 1947 Saar constitution at once. This would eliminate all references to the territory's political separation from Germany and economic attachment to France. And it would have paved the way for the Saar's early return to Germany from which it has been separated since 1945.

\$250,000 Fire at Quincy

QUINCY, Ill. (AP)—The belated discovery of a fire, sub-freezing weather and a brisk wind resulted in a \$250,000 blaze at an automobile agency showroom and garage Sunday night.

No one was injured. An antique car collection belonging to the owner, Dave McCormack, was destroyed along with 20 to 24 new model Pontiac automobiles, garage equipment and five customers' cars.

A company spokesman said McCormack's antique autos destroyed included a 1903 Brush, a 1909 Ford and a 1914 Locomobile.

Loss to the building was estimated at \$100,000. The new automobiles destroyed were valued at about \$85,000 and the garage equipment at \$60,000.

Woman, 5 Children Burn to Death

SPRINGFIELD, Ohio (UP)—A woman and five children burned to death near here today when a fire caused by an oil stove explosion destroyed their one-room home.

Two other occupants of the house were hospitalized with serious burns.

The victims were Mrs. Betty Lou Hamilton, 20; her two children, Rebecca, 2, and Deborah, 3; Connie Fogel, 13; Theresa Coleman, 3; and Paulette McDaniel, 10.

Hospitalized with third degree burns were Robert McDaniel, who owned the frame home, and his son, Robert, 6.

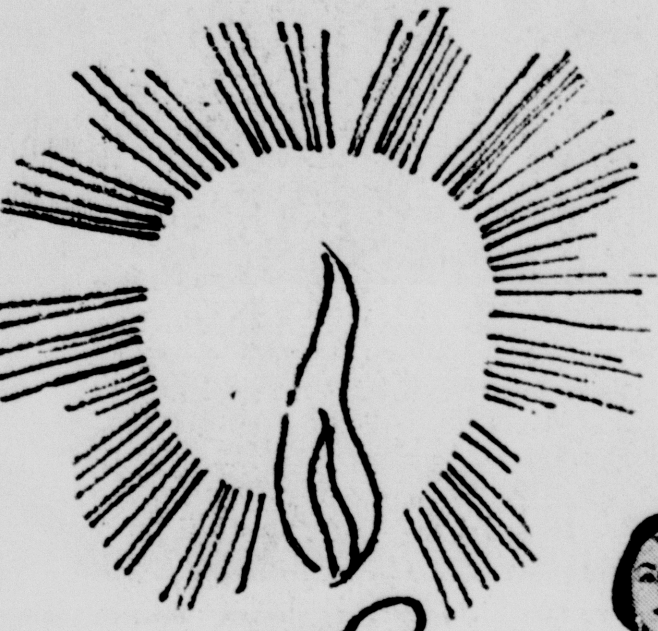

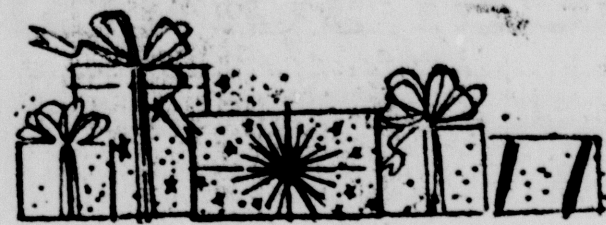

McDaniel and his wife were divorced, according to Sheriff Arthur Shuman, and Mrs. Hamilton kept house for him.

Effingham Boy Accidentally Killed

EFFINGHAM, Ill. (AP)—An Effingham County boy was killed instantly Sunday afternoon by the accidental discharge of his shotgun.

Authorities said 14-year-old Franklin Hoarh climbed up on a tractor while hunting and the 16-gauge shotgun slipped from his hands, striking the tractor and discharging. The charge struck the boy in the chest.

He was the son of Mr. and Mrs. Lowell Hoarh, who live on a farm 12 miles southeast of Effingham.

Democrats Seek To Minimize Differences

WASHINGTON (AP)—Some congressional Democrats have opened a behind-the-scenes drive to minimize party differences on farm price support levels and win solid backing for other farm proposals, informed sources say.

These legislators were said to hope that the price support battle can be deferred while the Democrats push other programs to help the farmer fight skidding prices. These would include disposal of farm surpluses and establishing a soil bank.

Sen. Clinton P. Anderson (D-N.M.), one of the few Democratic supporters of President Eisenhower's flexible farm price supports, was reported to be one of the central figures in the unity bid.

Secretary of agriculture under President Harry S. Truman, Anderson has recently deplored the continuing controversy over price supports in his public speeches.

He has urged that farm leaders concentrate on drafting legislation to meet the basic causes of low farm income—especially the large farm surpluses.

Anderson was said to have conferred with Senate Democratic Leader Lyndon B. Johnson (Tex.) on his own initiative.

According to informed sources, Anderson argued that any Democrat led move to restore rigid price supports at 90 per cent of parity at the beginning of the forthcoming congressional session will be beaten.

He is said to have urged the Democrats to skirt this and join in support of measures that will help farm prices in the market place—especially the problem of farm surpluses.

Johnson, who is admired by his Democratic colleagues for his ability to find a common ground in such matters, was reported to have taken Anderson's suggestions under advisement.

1,942 Killed by Traffic Accidents In State This Year

SPRINGFIELD, Ill.—Traffic accidents on Illinois highways claimed the lives of 1,942 persons during the first 11 months of 1955, according to a report to Governor William G. Stratton today by Edwin A. Rosenstone, director of Public Works and Buildings.

The fatality toll was 5 per cent above the 1,837 figure for the corresponding period last year.

November traffic deaths totaled 223, an 11 per cent increase over the 203 fatalities during the same month in 1954.

PRINTMAKER ELIOT ELGART and graduate student Ray Schell, Cobden, are dwarfed by 100-year-old printmaker's press recently installed at Southern Illinois university. Elgart bought the press while studying in Paris on a Fulbright travel grant and has loaned it to SIU, where he now teaches. The rare press, whose design dates back to the 17th century, is one of only two of its size in U. S. (SIU Photo)

Printmaking Students at SIU Study Ancient Art on Century-Old Press

CARBONDALE, Ill.—Students of printmaking at Southern Illinois university are learning the ancient art on an equally ancient printmaker's press, scarcely different from ones used by Rembrandt and Goya in the 17th and 18th centuries.

The two-ton mammoth, with a flat bed measuring three by six feet, has been loaned to SIU by instructor Eliot Elgart, who "picked it up" in Paris three years ago.

Elgart, whose art work, largely prints, won him a Fulbright award to study in France, says the press is one of only "two or three" of its size in the United States. There are only about 20 in existence in the world.

Studying at the Ecole de Beaux Arts in Paris, Elgart spotted the noble machine in an out-of-the-way artisan's shop in Paris' Latin Quarter. Four generations of family artisans had been printing plates in the shop for artists and limited editions publishers.

It was love at first sight, and Elgart bought the press on the spot. Its 4,990 pounds of hand-finished parts and brass fittings were packed in grease, crated, and shipped by boat to Chicago. A basement room in SIU's Allyn Building was specially redesigned to hold it, and a week ago it was installed.

The ponderous rollers, which yield less than 1-1000 of an inch when a 16-gauge copper-plate etching is rolled through, produces an engraving with a delicate, raised line, since it squeezes ink out of the plate instead of flattening an impression onto the paper.

Have Everything? Take Trip Down Fifth Avenue

By ELIZABETH TOOMEY
United Press Staff Correspondent
NEW YORK (AP)—Nobody has everything.

One shopping trip down Fifth Avenue will disprove the old Christmas cliché.

Start along about Tiffany's. If the glare from the 128-carat Tiffany diamond in the front window doesn't blind you (never mind asking the price, it isn't for sale anyway), ask the clerk to show you something nice in a solitaire diamond ring.

Notice how restful and uncrowded it is around the counter? The best diamond ring in the place, brought out for your inspection, is a modest emerald-cut solitaire flanked by two triangular diamonds. Price, \$198,000.

Does your girl smoke? Bet she doesn't have a gold cylindrical cigarette case studded with sapphires and diamonds worth \$1,900. Tiffany's does.

Across the street you notice a few people lingering, red-nosed from the cold and wide-eyed from the view, before a plate glass window at Bergdorf Goodman's. Go on in and tell that gold and pink brocade hostess gown with the mink collar and cuffs. Then make out a check for \$1,495 to pay for it.

In the same store there is proof that men can lounge in luxury too, although not quite so luxuriously as women. A man's cashmere bathrobe is on the Christmas gift counter for \$185.

And one men's shop just off Madison Avenue suggests a solid gold link belt. Price, \$30 per inch.

UNIFORMLY NEAT—This is the new uniform the nation's letter carriers will be wearing next year. Styling was designed for greater functional efficiency. Shirts will be blue instead of gray, and ties will be maroon instead of black. Trim will also be maroon. Shoulder insignia is designed from the official Post Office Department insignia.

Is Inflation the Villain?

Editorial By Bruce Blossat

Some sage economists say that the danger in this age is no longer a catastrophic depression like that of the 1930's. They say it's inflation instead. And there is concern that it is returning for another visit.

We had a long postwar siege of it which finally tapered off in 1951. From then until now, conditions have been relatively stable. But a good many business factors suggest the days of the "even keel" may be passing.

For one thing, a ne w wage-price upward spiral appears to be in motion. Recent labor contracts have produced pay raises that are being reflected in higher costs of materials and finished products.

To add to the price pressure, demand for such staples as steel is extremely heavy. Shortages are developing, and in the rush for limited supplies prices are moving still higher.

Whereas the big talk in 1954 was of unemployment, today shortages of skilled workers are becoming a worrisome matter. A tight labor market is bound to increase prospects for further wage hikes.

What all this comes to is that the United States, with certain exceptions, is producing at near-capacity and using its trained manpower to the hilt.

Since it takes time to enlarge industrial capacity and develop new manpower resources, this situation cannot thus be eased quickly. The only adequate checks on these inflationary pressures, therefore, are those which can be placed on credit.

The government has shown its awareness of the problem. Recently the Federal Reserve Board, key-stone of the American banking system, tightened credit again. This means other banks in the system can't lend as much money to businessmen, corporations, state and local governments, and consumers.

Agitation continues, too, for some kind of curbs on the nation's installment buying, which is mounting steadily to record heights. Thus far, however, there is no sign of early federal action in this field.

Yet if the efforts to curb the money supply through the banks fall short of halting the inflationary trend, then a lid on installment purchases may be a necessary next step.

Somewhat the demand for men and materials must be brought into better balance with available supplies. If it is not the result could be costly to all of us.

Truth's Chains Broken

For more than four years the strong, clear voice of one of the world's great free newspapers has gone unheard, and in its place the tiny, hollow tones of the petty dictator have sounded.

But this unhappy silence is over now and La Prensa, a fabled institution in Buenos Aires, is by decree of the new Argentine government back once more in the hands of its courageous publisher, Alberto Gainza Paz.

Argentina's deposed dictator, Juan Peron, seized La Prensa because he could not feel secure in his minor league tyranny so long as it was free to speak the truth. Most newspapers which suffer such a fate never are restored to their old-time influence.

In this instance, however, we may hope for better things. Gainza Paz has lived for this moment, and is dedicated to making La Prensa once again the ringing voice of liberty, a rallying point for free men everywhere.

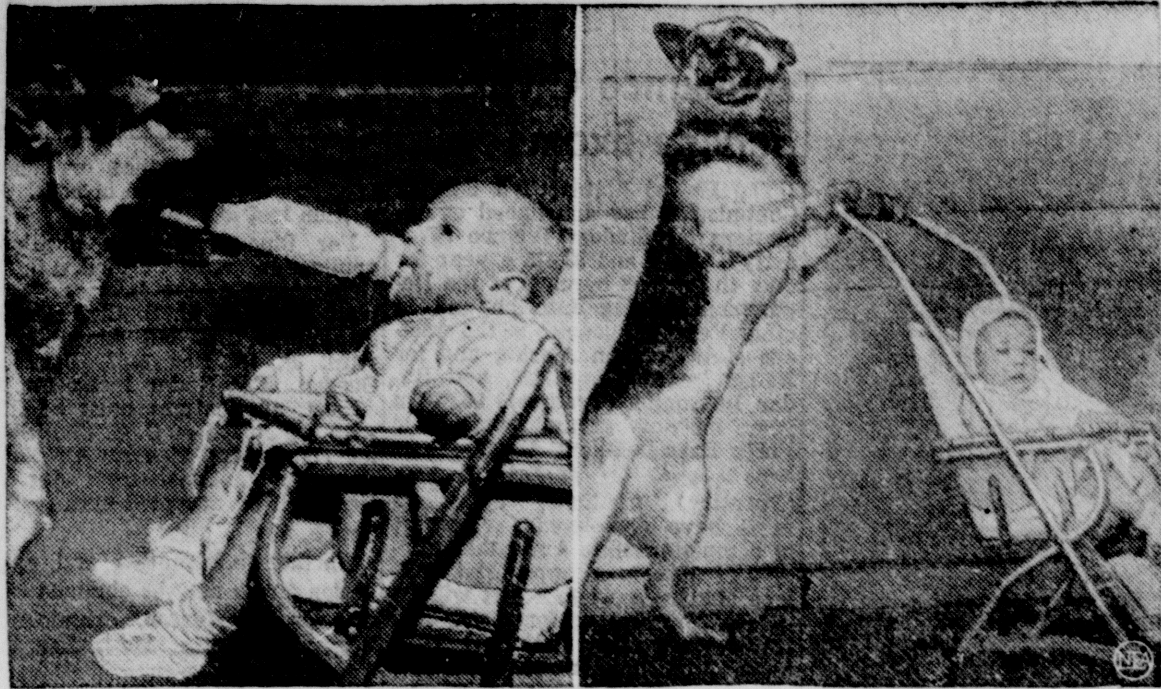

When freedom regains so firm a champion, it is a triumph equal in meaning to the making of alliances and the devising of new defenses. For truth is always liberty's greatest weapon, and the free world can ill spare a newspaper like La Prensa whose proven record is that of a leader in the quest for truth.

Honolulu has never been hotter than 90 degrees nor colder than 52 degrees in the history of the U. S. Weather Bureau.

Weight of the Liberty Bell has been recorded at 2080 pounds.

The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: GOP Chairman Hall Will Build Republican Party In Image Of Eisenhower; Hall Wants New Blood In GOP; He Plans To Glamorize The Elephant.

(Ed. Note — Today, Leonard Hall, chairman of the Republican National committee, gets the Brass Ring, good for one free ride on the Washington Merry-Go-Round.)

WASHINGTON. — When Leonard Hall first came to Washington at the age of 16 he made \$50 a month as bookkeeper for the Potomac Electric company. Out of that he scraped up enough to pay for board, room and night school at Georgetown university.

Today, 30 years later, as chairman of the Republican National committee, he isn't paid a cent. But out of the punctured hopes of the GOP following Eisenhower's illness, Hall is scraping together plans for building up a new foundation for his party.

When Len was asked out in Denver before Ike was taken sick, what he would do if Eisenhower didn't run he replied: "I'll jump over that bridge when I come to it."

Len has now come to that bridge. And, instead of jumping, he's building. He has plans.

He isn't announcing them yet, and some of his friends joke that the plans are similar to the card tricks with which Len entertains friends in the evening.

In any event, his chief ace-in-the-hole is still Dwight D. Eisenhower, though privately he is no longer at all confident that Ike is going to run. He is confident and determined, however, to recast the Republican party in the image of Eisenhower.

THE WILL CALL TUNE Hall is still trying to move heaven and earth—plus Mamie—to persuade Ike to run. But no matter who runs, he will be playing Len, Hall's ace—Eisenhower. In other words, the GOP standard bearer must wear Ike's imprint, whether he has hair or not; whether he smiles or frowns.

This means that in Len Hall's book conservative candidates like Sen. Bill Knowland of California and Sen. John Bricker of Ohio are out.

To the GOP chairman this is a matter of simple arithmetic. For election statistics prove that Ike is more popular with voters than the Republican party. So Hall hopes to give the party the Eisenhower personality, the same middle-of-the-road appeal.

To do this, he has five survey teams out studying local problems, issues and candidates. He expects to hire at least four Madison Avenue advertising agencies to glamorize the GOP elephant as no other animal since Elvis the cow. But, most important, he wants to transfuse young blood into the party organization.

A county courthouse politician himself, he is rebuilding the party at the precinct level. He is reshuffling local leaders, recruiting volunteer workers, rekindling enthusiasm with a constant stream of political pep-up propaganda from party headquarters.

Hall's immediate goal is to break into the big-city Democratic strongholds. Ultimately he hopes to crack even the solid South.

All this, he keeps preaching, will take attractive candidates and smooth-operating party machinery.

A GOP JIM FARLEY

Len Hall looks and acts like a Republican Jim Farley. He has the same savor for politics, the same uncanny memory for names, the same sharp political instincts as the old master who guided Franklin D. Roosevelt's early fortunes. Like Farley, Hall's football-player figure and bald dome shine like a lighthouse from the center of any political huddle.

The backfield of Hall's political team includes ex-Gov. Tom Dewey, Attorney General Herb Brownell, and assistant president Sherman Adams.

Hall keeps in close touch with Dewey, and his appointment was cleared by Dewey. However, it wasn't Dewey, but House GOP leader Joe Martin who first suggested Hall for the national chairmanship.

Hall's most bitter political feud, incidentally, was with Dewey's right-hand man, Nassau county boss J. Russell Sprague. The two fell out in 1950 over a demand by Long Island labor czar Bill DeKoning that Hall, then a congressman, vote against the Taft-Hartley law. Sprague tried to pressure Hall into going along with DeKoning.

Hall refused. Whereupon Sprague

gave undercover support to DeKoning in the 1950 campaign against Hall. It later turned out that both Sprague and DeKoning were mixed up in the Roosevelt raceway, which later figured in the notorious New York race-track scandal during the latter part of Dewey's regime.

Caught with race-track stock, Sprague ignominiously resigned as Dewey's national chairman.

HALL'S CAREER

Hall has been poking into politics ever since he settled down in Oyster Bay, Long Island, where he's still a precinct committeeman. In 1927, he was elected to the New York assembly. Two years later he was drafted by the Republican organization to run for sheriff, a job he held for the three-year legal limit.

Back in the state legislature in 1934, he led the Republican rebels against then-Speaker Irving Ives who was finally forced to step down. Now a U. S. senator, Ives holds no grudges.

"Leonard Hall is a man of honor and ability," Ives told this column. "You can always rely on his word."

Hall was running for re-election to the legislature when Congressman Bob Bacon died in 1938. The Nassau county organization chose Hall to run for Congress. Because of a legal technicality, his name ended up on the ballot for both offices. He carried on a

vigorous campaign for himself for Congress and against himself for the assembly—and successfully defeated himself for the latter job.

In Washington as a congressman, Hall made his reputation as a behind-the-scenes operator. His political astuteness came to the attention of Joe Martin, who picked Hall to raise money to elect GOP congressmen.

His feud with Sprague led Hall to drop out of Congress in 1952 and ran for Nassau surrogate, which he won without a campaign. (He was too busy campaigning for Ike.) This new job turned out to be so peaceful, however, that Hall became politically itchy. So he willingly gave up the \$30,000-a-year surrogate's job to plunge back in the political maelstrom.
